

PLANET OREGON ROSÉ BUBBLES

100% OF PROFITS DONATED TO THE OREGON ENVIRONMENTAL COUNCIL

THINK PLANET. Planet Oregon Wines are a responsibly delicious choice. We farm our grapes sustainably, protecting streams and rivers from run off, and limiting the use of harmful chemicals in every step of production. We monitor carbon emissions, energy use, and waste production to ensure the only mark we leave on this planet is a wine stain or two.

DRINK OREGON. Oregon is a world renowned wine producing region in the beautiful Pacific Northwest. Our grapes are farmed in the Willamette Valley and Southern Oregon, representing a diverse landscape that stretches from the bustling city of Portland to the rolling hills of the Rogue Valley. This is the New World's most promising wine region.

GIVE BACK. 100% of profits from this bottling are donated to the Oregon Environment Council. Their work ensures Oregonians live healthier lives because our air, water and land are cleaner; our food is more sustainably produced; and the products, energy and transportation we rely on are safer for our environment.

TASTING NOTE
