

MINERAL SPRINGS 2010 BRUT ROSÉ

Beautiful, medium rose color with noteworthy clarity. A fine bead is pronounced in the glass, with at once pleasing aromas of cranberry, huckleberry and baked apple. The wine is immediately expressive on the palate -- quite dry with tantalizing minerality, yet fresh and juicy all at the same time. Additional flavors of bing cherry, raspberry, and crème brûlée abound, along with baking spices and fresh bread. The mouthfeel is creamy, yet brisk, with a crisp, refreshing finish that isn't short on length.
