

NORTH VALLEY 2012 RESERVE PINOT NOIR

This Reserve Pinot Noir is a blend of fruit sourced from outstanding vineyard sites representing four different sub-appellations, all of real breed. Aromas and flavors of black cherry, plum and framboise predominate, laced with notes of earth, dark chocolate and spice. Sweet on the palate, it is finely balanced with underpinnings of real minerality. The mouthfeel is velvety, and the wine has fine, silky tannins. With a long, seductive, layered finish, it reveals noteworthy structure, but doesn't sacrifice finesse.
