

PLANET OREGON

2017 PINOT NOIR

A PORTION OF PROCEEDS BENEFITS THE OREGON ENVIRONMENTAL COUNCIL

THINK PLANET. Planet Oregon Wines are a responsibly delicious choice. We farm our grapes sustainably, protecting streams and rivers from run-off, and we limit the use of harmful chemicals in every step of production. We monitor carbon emissions, energy use, and waste production to ensure the only mark we leave on this Planet is a wine stain or two.

DRINK OREGON. Oregon is a world renowned wine region in the beautiful Pacific Northwest. Our grapes are farmed in the Willamette Valley, a diverse landscape of rolling hills and ancient soils sandwiched between the Coastal and Cascade Ranges, a mere 30 miles to the Pacific Ocean. This is the New World's most promising wine region.

GIVE BACK. A portion of our profits from this bottling are donated to the Oregon Environmental Council. Their work ensures Oregonians live healthier lives because our air, water and land are cleaner; our food is more sustainably produced; and the products, energy and transportation we rely on are safer for our environment.

TASTING NOTE

Classic Pinot Noir aromas of Bing cherry, ripe cranberry and a hint of cinnamon spice. Sappy, yet lithe on the palate, with fresh red fruits dominating a clean, mineral driven finish.
