

PLANET OREGON

2020 ROSÉ BUBBLES

MADE WITH ORGANICALLY FARMED WILLAMETTE VALLEY PINOT NOIR

THINK PLANET. Planet Oregon Wines are a responsibly delicious choice. We farm our grapes sustainably, protecting streams and rivers from run-off that can harm fish and other wildlife. We monitor carbon emissions, energy use, and waste production to ensure the only mark we leave on this Planet is a wine stain or two.

DRINK OREGON. Oregon is a world renowned wine region in the beautiful Pacific Northwest. Our grapes are farmed in the Willamette Valley, a diverse landscape of rolling hills and ancient soils sandwiched between the Coastal and Cascade Ranges, a mere 30 miles to the Pacific Ocean. This fun yet sophisticated sparkling rosé shows off Oregon in both quality, value and craft.

GIVE BACK. A portion of our profits from this bottling are donated to the Oregon Environmental Council. Their work ensures Oregonians live healthier lives because our air, water and land are cleaner; our food is sustainably produced; and the products, energy and transportation we rely on are safer for our environment for generations to come.

TASTING NOTE

Bright nose of watermelon candy and Oregon berries. Fresh and lively on the palate with flavors of citrus and berry sherbet rounding out a bubbly and refreshing finish.
