

SOTER VINEYARDS | Origin Series

2019 Eola-Amity Hills Pinot Noir

THE WINE. *The Willamette Valley is Oregon's most recognized appellation for cool climate wines, and it is in the Northern part of this Valley where the finest vineyards are found.*

Wines of the Origin Series are a reflection of the unique climates, geographical features, and growing conditions that embody each distinctive region where we source our grapes. Preservation of place is essential to our wine making philosophy, and in accordance with our environmental principles, all of the vineyards we work with are at a minimum certified sustainable.

The Eola-Amity Hills are influenced by maritime breezes funneled through the Van Duzer Corridor. This region has predominantly volcanic Nekia soils which yield dark blue fruits, bright acidity and firm structure.

REFLECTIONS *Zena Crown is a prestigious, densely planted vineyard farmed by veteran winegrower Ken Kupperman, president of Vineyard Operations for Jackson Family Vineyards. We receive Pinot noir from a block with rocky, volcanic soils, which force the grapevines to reach deep for water and nutrients, resulting in wines with serious concentration and minerality.*
