

SOTER VINEYARDS | Origin Series

2022 Dundee Hills Pinot Noir

THE WINE

The Willamette Valley is Oregon's most recognized appellation for cool climate wines, and it is in the Northern part of this Valley where the finest vineyards are found.

Wines of the Origin Series are a reflection of the unique climates, geographical features, and growing conditions that embody each distinctive region where we source our grapes. Preservation of place is essential to our winemaking philosophy, and in accordance with our environmental principles, all of the vineyards we work with are at a minimum certified sustainable.

Historically significant in the Northern Willamette Valley, the Dundee Hill's Jory soils are red-hued, iron-rich clay and loam of volcanic origin. Speegle-Crawford Vineyard is a certified Organic, small, 3-acre vineyard planted in 2017 and sits at 700 feet in elevation.

REFLECTIONS

The 2022 Dundee Hills Pinot Noir is perfumed and supple, a fantastic example of Pinot from this region. The tannin profile is a bit softer than other wines in this set, with a core of red fruits and spice that leap from the glass. Flavors of red raspberries, Ruby Red grapefruit, Bing Cherry and Espelette pepper make for a delightful tasting experience.

VARIETY

100% Pinot Noir

APPELLATION

100% Dundee Hills AVA

VINEYARD

100% Speegle Crawford Vineyard
